EXCO-COMMUNICATION 08: 10 September 2021

Dear colleagues,

The month of August has ended, but there are still several months to continue working to achieve the goals that we have set in the Strategic Plan.

The **73rd World Assembly** (<https://youtu.be/BoUog6MhNAs>) has been very productive but also presents us with new commitments and challenges. It is important to note that, even in a pandemic, OMEP has managed to grow. Costa Rica joined as the Preparatory Committee for OMEP. Sierra Leone changed its status to National Committee. Proud new Honorary Members were approved. Adrijana Visnjic was elected as the new Vice President of Europe. Nyamikeh Kyiamah was re-elected in her role as Vice President of the Africa Region. All these pieces of news enrich us and give us value as militant members of this organization, which has advocated for the rights of children in early childhood for 73 years.

Now is the time to share our **2020 Annual Report** (<https://omepworld.org/annual-report/>) as well as the **OMEP 2021 Declaration "Supporting a holistic approach in early childhood care and education"** (<https://omepworld.org/wp-content/uploads/2021/09/2021-DECLARATION-ENG.pdf>), highlighting key points for ECCE at this historic moment with recovery plans around the world. I have already sent the Report to the United Nations, UNESCO, UNICEF and other relevant organizations and foundations. We are especially grateful to those who participated in the drafting committee of the Declaration: María Elizabeth Vivaldi, Adrijana Visnjic and Sandie Wong.

In August, we also launched the **OMEP Seminar Series** with seminar N° 1: **Rights from the Start: how to advocate for early childhood.** (<https://youtu.be/mFpo8fAN6Gk>) The recording of the seminar is available in the 3 official languages on our YouTube channel OmepWorldTV. These videos should be used to mobilize debates within the Committees and boost constructive dialogues among the many people interested in changing the world and reversing the injustices that fall upon it. I would also like to anticipate that we have a full webinar agenda to share. As you already know, streaming times and languages will change, so that all regions have the opportunity to actively participate. Stay tuned and attentive!

Likewise, we are already summoning the working groups for OMEP's emblematic projects and initiatives. Check your emails and, if you are interested in participating, you can write to us.

In this Newsletter you will find, as always, a summary of the highlighted actions.

Have a pleasant reading!

Warm regards,

Mercedes
